

Reviewing last meeting minutes

Meeting with City:

Still waiting to hear back from the city, filled in some roles like Sebastian is the Webmaster, Roger is Council Tracker.

What is Webmaster? Mostly the wiki stuff.

What is Council Tracker? Mostly keeping track of council meetings, minutes, goings on.

Blake says he will review unfilled roles for next time.

RE improving female ridership – Gavin Davidson says that having more bike routes helps (in close proximity)

The group assessment date is wrong apparently

Lakefield drive is on hold but going to happen Blake says.

Julian was going to write a letter to the city congratulating them on the Biggest Leap Award win.

Agenda Proper

Meeting with city

- Blake will email them again (Po/Amy)

Go by Bike Week May 29 - June 4

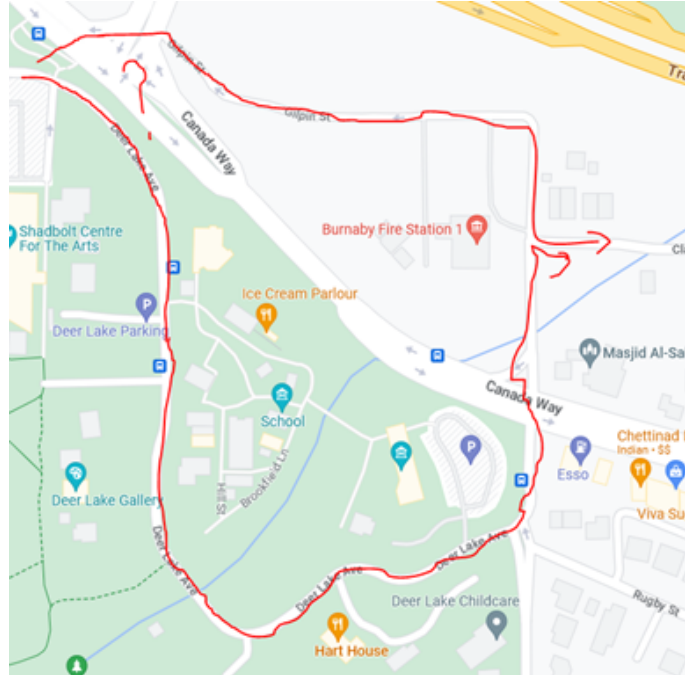

- Goals:
 - Increase Committee attendance
 - Community Visibility by hosting a tent
 - I.e. hang out on CVG on a Saturday
 - Need to coordinate with the library to get permission to have a tent, with an eye to going to more populated places later

Group Ride:

- Blake asks is 9:30 am too early, people seem fine with it
- Blake asks if we want to shift the route from midtown to Francis-Union
 - Probably just stick with midtown and do Francis-Union later
- Map:

- We will meet in the grassy area near Moscrop and Boundary, and head East, at 9:30am
- Q: Are we going along the MUP on Deer Lake, or are we going more North like along the cemetery?
 - unclear
- Q: What route to take around Deer Lake Ave/Kensington/Gilpin St./Sperling:

- Q: What is the purpose of the ride?
 - It's to mark gaps, safety improvements, wayfinding improvements, alternative routes, general issue finding.
 - Special emphasis on bringing "AAA" bike routes up to a good standard
- Probably going to end at Robert Burnaby Park
- Jonathan had mentioned in email: Nobody needs to be a ride marshall or first aid because it's committee members only (so don't invite non-committee members)
- Jonathan will get back to us on a first aid kit
- April 29th there will be ride marshall class, Jonathan sent an email earlier today about it
- There is room in the budget for anyone who wants to expense first aid training certification. Check out "lifepreservers", a first aid course provider in town for more info.
- Q for jonathan: Is it just level 1 we need? If so, then Wendy does have first aid level 1.
- For examples of ride reports, check out examples from HUB Vancouver, especially the Ontario road ones

Jasper's Presentation on Cariboo Road

- Jasper sending a write up of his main points to blake

- Jasper also wants improvements at Kensington and Sprott before work that is scheduled for the intersection for December 2023
 - Specifically, we must email transportation department about what plans they have for the area for Jasper's further consideration and critique

Letters

- Bikeep Secure Locker letter to Translink - completed
- Letter to Mayor - pending (Julian working on)
- Frances/Union Letter - letter to introduce ourselves and be involved in providing feedback for improvements - TBD who we send this to (City Council or Transportation)
- Lakefield Dr. - many letters already sent over the last few year on Lakefield Dr. project, will await result of Midtown discovery ride to determine if any further correspondence is needed
