

10 December 2013

Ken Krueger
City of Coquitlam

Dear Ken:

The Tri City Chapter of HUB wishes to strongly endorse the City of Coquitlam's Glen Dr./Lansdowne – Westwood 2014 & The Cross-town Bike Route (phase 1) projects.

This will greatly improve safety and accessibility for East-West commuting for cyclists in the City of Coquitlam and gain improved connectivity to other modes of transit outside the city.

As a member-based cycling organization, we strive to remove barriers to cycling and improve the quality of our communities, our health, the environment, and local economies.

Investment in these projects aligns well with government's shared goals in making cycling education universally accessible and that cycling facilities are connected throughout the region. This project in Coquitlam does just that and we strongly support this project for our city.

Regards,
Simon Watkins/Jack Trumley
