HUB Langley Local Committee

Meeting Minutes

Date: Monday, November 16, 2020

Location: On-line meeting due to Covid-19 pandemic

Chair: Mitchell Nurse

Minutes: Tony Bisig

Attendees: Tony Bisig, John Evanochko, Mitchell Nurse.
Guest: HUB Board Member Julie Facchin

1. Welcome & introductions
2. Adoption of October minutes
3. The 216 Street interchange is nearing completion. Landscaping and signage installation has been taking place this week. Township has not yet addressed our concerns which we submitted earlier this fall. Geraldine has sent a letter with pictures to Jerry Fleming at Binnie Engineering and James Lee at ToL Engineering showing that newly planted trees obscure the recently installed signage. Green paint and strategically placed bollards would go a long way to making this corridor safer for cyclists. It is unfortunate that HUB Langley must keep pushing ToL to implement best practices.
4. Sarah was not present to discuss social rides.
5. Of the 10 candidates in the B.C. election who received our questions, only 3 responded. HUB Langley thanks the NDP and Green candidates for taking time to respond to our questions.
6. Our committee is considering the purchase of one or two feather banners for use at public events. The banners would feature the HUB logo at the top with HUB Langley printed vertically. Mitch will ask Navdeep if HUB can survey other committees for interest in a bulk purchase.
7. Other business
 - o Tim Walsh sent Mitch a request for information regarding current contacts in ToL and Langley City. Tim is looking for municipal support for cycling education programs and events.

Your **Cycling** Connection

- Mitch noted that Strava has given HUB access to local cycling trip data. Committee members might find this information useful in advocating for improved cycling infrastructure in Langley.
 - Julie alerted committee members of the virtual All Committee Meeting which will take place November 24 from 5:45 to 7:30 pm. Invitations will be sent to local committees.
 - Julie suggested the use of tear off tab HUB posters in the community to attract the interest of local cyclists. This can be an effective way of increasing awareness of HUB Cycling advocacy in the community.
8. Next meeting date: Monday, January 18, 2021
 9. Meeting adjourned 7:30 pm
