## 6. City Consultations (Jeff)

- See the email attachment or meeting handout for a list of current consultations, links to more information, and opportunities to submit feedback.
- Highlights:
  - Cambie Bridge protected lane open, connections at south end under construction. North end connections need improvements to signage for wayfinding
  - 10th Ave Improvements (Phase 1) substantially complete

## 7. In Depth – Translink Major Bikeway Network (MBN)

- After a concept proposal in 2011, a formal MBN map (interim) has been approved. It will be used to guide Translink co-funding with municipalities, prompted by increased funding levels.
- The MBN is focused on transportation routes, and All Ages and Abilities infrastructure
- There is a process by which the MBN can be expanded over time, but this map was agreed with municipalities now so that it could be used for the 2019 Funding Program.
- Ideas from the group discussion:
  - Plan to do assessment rides on the MBN routes within Vancouver and UBC
  - Meet with the City to discuss plans for 2019 improvements and funding applications.
  - Identify strategic routes that are not presented on the Interim MBN map (suggest Kent Ave as presented to Translink earlier this year, as well as others)
  - Consider the Cycling Zone Analysis areas shown on the map (high cycling potential) for use in advocacy work with Translink and with the City.

## 8. In Depth – Potential new NE Greenway

- Vancouver council approved investigation of a new Greenway in the NE quadrant, which is considered underserved. Three routes are reported to be under consideration, all proposed in the 2011 Greenways Plan (map follows)
- Discussion on the relative benefits of each of the three routes, for a future discussion with the City.

- 9. Communications** (Jeff): KBOO (Portland) radio interview; bike incident on Rupert at Grandview Hwy; Arbutus Greenway letter sent to Council; Grandview at Clark conflict at ramp; Science World parking lot changes
- 10. Board Update** (Jeff): AGM set for September 8<sup>th</sup>.
- 11. Active Transportation and Policy Council** (Lisa) A new ATPC will likely be appointed following the elections, at the discretion of Council. Watch for a call for candidates.
- 12. Regional Advisory Committee** (Jeff): No updates
- 13. Other Business:** None

Meeting adjourned at 20:10
