Re: UBCM Resolution B15: Active Transportation Strategy

Dear Mayor Read and Councillors,

I'm happy to see the above resolution on the agenda for the UBCM Conference this coming week.

You may not be aware of this letter:

http://wiki.bikehub.ca/committees/images/4/4e/MRPM_2018Mar_e-mail_Communities_on_the_Move.pdf

which our Maple Ridge/Pitt Meadows HUB Committee sent to the Maple Ridge Active Transportation Advisory Committee on March 17, asking for a recommendation that Mayor and Council support the Communities on the Move declaration.

Unfortunately the unanimous recommendation made by ATAC to Council at their July meeting to endorse Communities on the Move has not made its way to Council in time for the UBCM Conference.

The letter speaks for itself. I hope that you will read it and vote in favour of resolution B15.

Thank you!

Jackie Chow
