Dear Jeff Leigh and Julie Facchin:

Re: Election and Appointment as Minister

Thank you for your letter of December 8, 2020, congratulating me on behalf of HUB Cycling on my re-election as MLA for Victoria-Swan Lake and my appointment as Minister of Transportation and Infrastructure. It is an honour to represent British Columbians in these roles.

Our government is committed to fighting COVID-19 and ensuring British Columbia's economic recovery. With this recovery at the forefront of government's efforts, my ministry will work to efficiently deliver infrastructure projects and other transportation network improvements that will create jobs and provide lasting benefits to communities across the province. I will also work with local governments to improve transit and transportation options, including active transportation, to support our government's climate change goals and ensure people can better access economic and social opportunities.

I appreciate HUB Cycling's efforts to improve cycling conditions in Metro Vancouver. I understand your organization's feedback on ministry projects has been valuable and has helped inform our work to include safer active transportation facilities in our infrastructure. As we plan to rebuild from the pandemic, I look forward to working with First Nations and other governments, business leaders and stakeholders like HUB. Together, I believe we can deliver a transportation network that benefits everyone.

Thank you again for taking the time to write.

Sincerely,

Rob Fleming
Minister
