

Your **Cycling** Connection

HUB Langley Local Committee

Meeting Minutes

Date: Monday, July 19, 2021

Location: On-line meeting due to Covid-19 pandemic

Chair: Mitch Nurse

Minutes: Tony Bisig

Attendees: Tony Bisig, Geraldine Jordan, Sara Kikkert, Mitch Nurse.

1. Welcome & introductions.
2. Adoption of June minutes.
3. Old Business

- a. Langley City

Funded by Translink, designs expected soon:

- Bike lane from Fraser Hwy to Eastleigh Crescent.
- Planter protected bike lane from Eastleigh Crescent to Langley Bypass.
- MUP and sidewalk improvements from Fraser Hwy to 51b avenue.

- b. Langley Township

- Currently there are 2 completed projects and 5 that are in progress.
- 2 Future large capital projects are in the planning stage. Maps can be viewed in the attachment.

Your Cycling Connection

4. New Business

- a. Translink is providing funding for the following projects in Langley. Details are available in the attachment.

Langley Township

- 96 Ave sidewalk phase 2.
- Fraser Hwy widening with 248 St Intersection improvements.
- Redecking of bridge on 56 Avenue and 211 St. near Langley Secondary School.
- School.
- 200 Street pedestrian/cyclist overpass.

Langley City

- 208 Street cycling improvement project from Fraser Hwy to 52a Street.
- Fraser Hwy (downtown Langley) upgrades from 204 - 206 Streets.
- Bus speed and reliability study (part of Master Transportation Plan)

- b. Ministry of Transportation meeting for highway improvements from 264 to Sumas has been postponed until August.

Note: For the sake of continuity in cycling infrastructure, our committee will insist that there be retroactive inclusion of cycling infrastructure from 216 - 264 Streets.

- c. Bike to Shop - Knowledge HUB August 7 - 20.

There will be an information station in McBurney Lane, Langley City. August 7, 11 am - 1 pm. HUB has identified an individual to be present. Tony is available should HUB make the request.

- d. BTSW - Langley HUB met with WGS teacher Tim Stephenson to discuss the option of a Bike Train to James Kennedy Elementary School during BTSW. Regarding the question of liability, parents/guardians of participating pupils will sign a Langley School District field trip waiver and participating HUB Langley members will sign a HUB waiver. There will be a further meeting August 25 to refine the plan.

5. Other Business/ Announcements/ Upcoming Events

- a. Go by Bike week - September 27 - October 3, 2021. Langley HUB is hoping that it will be possible to have a celebration during this time.

Your **Cycling** Connection

- b. Concerning the discussion about slower speed limits in neighbourhoods, Evan Hammer at HUB was kind enough to provide several links to information sources. Currently, only the provincial government can set blanket speed limits below 50 km/h on residential streets. Unfortunately, the union of BC municipalities has not been successful in encouraging the province to make the necessary changes. Municipalities would be required to post speed signs on every street where the speed has been reduced. The cost of doing so would be prohibitive for local government. Municipalities such as Vancouver, have been exercising their only option which is to do pilot studies on select streets. HUB Langley will have to continue this conversation with Langley City and Township.

6. Next meeting date: Monday, September 20, 2021 @ 7 pm
HUB Langley does not meet in August.

7. Meeting adjourned 8:00 pm

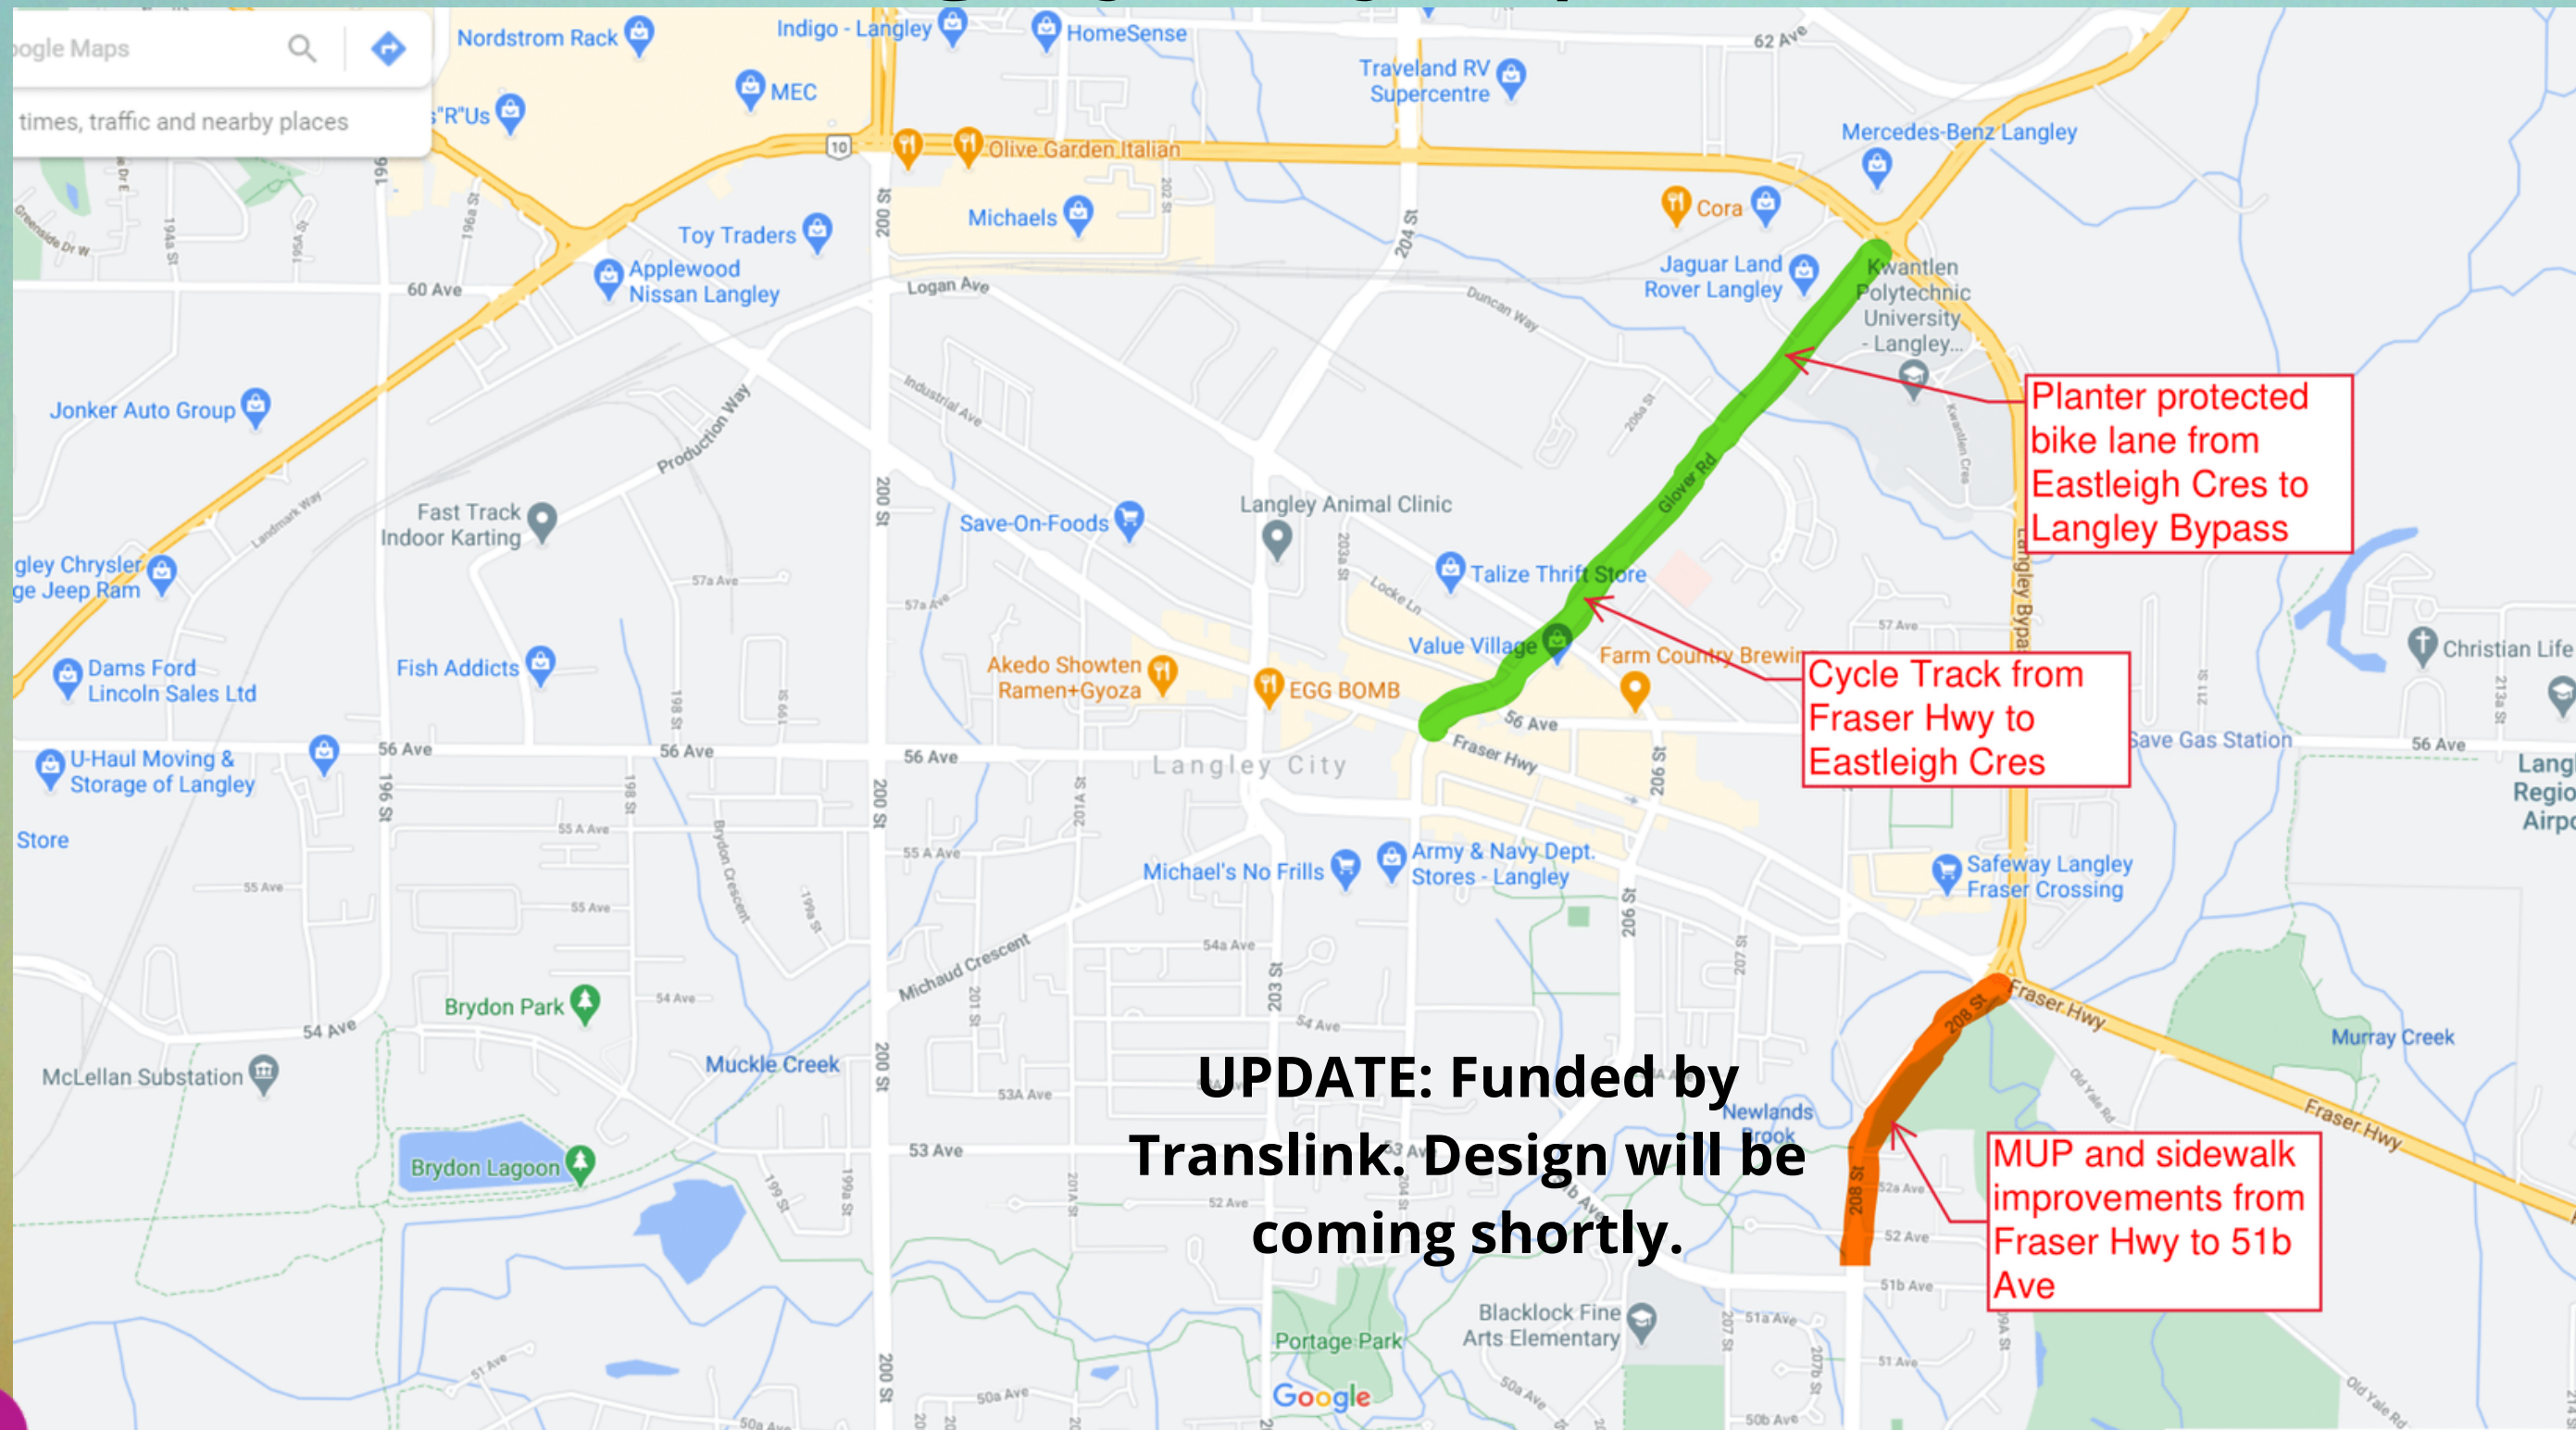

HUB Cycling - Langley Local Committee Meeting Agenda

19 July 2021 - 7pm on Google Meet (<https://meet.google.com/nmg-gaga-dkg>)

- Welcome & Introductions
- Review & Approval of Minutes from June 2021
- Old Business
 - Langley City Update
 - Langley Township Update
- New Business
 - New Translink Funding

Langley Township Update

Future large capital projects currently under design

Translink Funding

Township of Langley	96 Ave Sidewalk Phase 2	\$169,000
The 96 Ave Sidewalk Phase 2 project is to construct new sidewalks on both sides of 96 Ave between Trattle St and Edal St. The new sidewalks will connect to existing sidewalks on 96 Ave from Edal St to Glover Rd, which was constructed as Phase 1 of the 96 Ave Sidewalk project. The new sidewalks will provide walking infrastructure to a busy commercial area in Fort Langley, a famous historic town with multiple tourist attractions.		
Township of Langley	Fraser Hwy Widening and Intersection Improvements (24600-25000 Blk)	\$2,345,650
The widening project will alleviate congestion by adding additional capacity. The intersection improvements at 248 St/Fraser hwy will improve the intersection and corridor safety and improve the signal operation efficiency. The separated multi-use path will be safer for pedestrians and cyclists.		
Township of Langley	Pedestrian Bridge at 56 Avenue and 216 Street	\$13,250
Replacement of bridge decking, installation of fastening connections and replace & re-setting of lock-block retaining/support structures for the pedestrian bridge at the southwest corner of 56 Avenue and 216 Street.		
Township of Langley	200 Street Pedestrian Overpass	\$261,725
The 200 St pedestrian overpass is a main pedestrian/cyclist overpass that is a safe connection across 200 St. The existing coating is falling and compromising the steel structure. A recoating of the structure is required to increase its life span.		
Langley City	208 Street Cycling Improvement Project	\$841,590
The 208 St bike route currently has a 'gap' between Fraser Hwy and 52A Ave where no bike lanes or off street paths exist. This project would connect this gap by providing off street paths as well as bridge modifications to accommodate the MUP's over the Nicomekl River near Fraser Hwy.		
Langley City	Fraser Highway Upgrades	\$447,000
Fraser Highway between 204 Street and 206 Street is a commercial district within the City of Langley. This corridor is a one-way road with a high amount of pedestrian traffic. The goal of this project is to make the area more pedestrian friendly. To do this, diagonal parking on one side of the road will be removed and replaced with parallel parking, sidewalks will be widened, streetlighting will be improved, and new pedestrian amenities and furniture will be installed.		
Langley City	City of Langley Bus Speed & Reliability Study (as Part of Master Transportation Plan)	\$97,000
The purpose of this study is to identify bus network improvements and develop conceptual plans and cost estimates for the recommended improvements along major transit corridors within the City of Langley.		

Hwy 1 Widening Project

264th to Whatcom Road

- Next meeting scheduled for Monday, 28 June from 11-12pm
- Let me know if you would like to attend. I will forward the link.
- Mail Survey open until July 6th:
 - <https://www2.gov.bc.ca/gov/content/transportation-projects/fraser-valley-highway1/highway1-whatcom>

bike to shop

presented by Vancity

AUGUST 7-20

Register at:

bikehub.ca/BikeToShop

From August 7 - 20, 2021, local businesses in 20 neighborhoods across Metro Vancouver are offering amazing freebies and sweet deals for people biking to their businesses. Half of the neighborhoods are taking part from August 7 - 13 and the other half from August 14 - 20 - so you have plenty of opportunities to explore!

In-person events are BACK! We have 12 Knowledge HUBs around the region where you can stop by for free basic bike maintenance, snacks, cycling information, giveaways, raffle prizes, and the opportunity to engage with your local community.

Registration is 100% free. Let's show our businesses and decision-makers how important cycling is for local businesses and for the community. Register now at bikehub.ca/biketoshop.

Bike To Shop

Location: McBurney Plaza

Date: Saturday, August 7th

Time: 11am - 1pm (10:30am - 1:30pm for setup/takedown)

Volunteer tasks will include sharing cycling information with people who stop by, counting people who stop at the station, and helping with station setup and takedown.

Your Cycling Connection

Bike To School Week - New Concept

- Drop off hubs for kids to meet in the morning then bike a predetermined route to school with parent volunteers.
- Involve the high school
- Make a pilot project for 2 days at one school then present it to the rest of the schools.

Upcoming Events

Go by Bike Week from Sep 27 - Oct 3, 2021

go by
bike week
