5) Need to send out the HUB handbook to all members . Apparently not all got it (I think it came electronically) ACTION: Simon forward to list members

6) Members would like to see a contact list for Tri city members , either using a phone tree or designate each of us to phone people for items upcoming

7) We would also like to see from HUB a list of Best Practises used by other Chapters so we don't have to keep reinventing the wheel.
