ITEM	DISCUSSION	ACTION
Updates from Working Groups		
Assessment Rides (Jeff)	<ul style="list-style-type: none"> Assessment rides are reviews of existing or potential bike routes within the City of Vancouver (CoV). Reports are generated and posted on our wiki. Our reports are used to educate municipal officials and provide them with recommendations. High level of interest was expressed in another assessment ride. 	Jeff - Next assessment ride to be selected and scheduled

Park Board and Seaside South (Lisa)	<ul style="list-style-type: none"> • In the past, Park Board staff and Commissioners have focused on “bike to the park”, but not “bike IN the park”: “To, not Through” strategy. We have requested a Park Board motion clarifying this issue (Bikes to AND through). • Letter writing and public campaign launched to encourage elected commissioners to acknowledge the deficiencies in the VanPlay 25-year strategy, and to adopt To AND Through as a design principle. Media have been lined up. • See agenda item for Deep Dive topic for discussion 	All: please send your letter to Park Board Commissioners in support of cycling in parks (link in attachment, plus action letter with the link sent to all committee members)
Arbutus Greenway (Stan)	<ul style="list-style-type: none"> • Former railway line from the Fraser River through to 1st Ave at Granville St. Easy grade through some very scenic areas with easy access to shops and services. • Planning next steps for the working group. • Stan and Jeff met with the new city transportation engineer assigned to the Arbutus Greenway project, and the two project managers. • Signals at King Edward and Arbutus Greenway are still an issue. Awaiting update from CoV, who have agreed it needs improvement. 	
Cycling Logistics (Sam)	<ul style="list-style-type: none"> • This working group is looking at promoting the adoption of cargo bikes for last km delivery services, focusing on enabling policies as well as infrastructure issues. • Progress report at next meeting 	
East Van Greenway (Clark)	<ul style="list-style-type: none"> • Assessment ride held; finding was that Lillooet from Hastings to the CVG is an attractive route based on grade, etc. • Report completed and submitted to CoV, who advise that Lillooet is scheduled for street/utility work that may fit with improvements to it. 	

6. Deep Dive Topic – Drake St Bikeway

- Open House held the afternoon of June 18th. Two options presented. City has presented the bi-directional option as their preferred choice.
- We support the bi-directional option due to wider bike lanes, better connection to the Granville Connector, and reduced parking/loading zone impact.

- Please submit your comments in support of this project using the [On Line Survey](#), until July 8th.
