6. BSW & BTWW - Mitch gave an update on James Kennedy Elementary. This saw a total of 374 stickers on the tracking poster compared to 315 from last year. Will continue next year. BTWW was much better received than last year. Having it in the afternoon allowed people to stop by the celebration station on their way home from work. Mitch recommended alternating locations from the Township of Langley and City of Langley to allow us to have a presence in both municipalities. Sara mentioned a few locations including Douglas Park, Fountains downtown, and Cap's Bikes. Sara will check with Cap's to see if there is any interest in having a celebration station in the fall.
7. Social Rides - The first ride was well received with 15 riders total meeting at Yorkson Creek Middle School and meandering through Willoughby to the Langley Events Centre.

The next event will be planned for July 7th to Dead Frog Brewing at 7pm. Sarah will finalize the route and email it out to be promoted on social media.
