Mayor and Council
City of Vancouver

Re: Proposed Design Concept for the Arbutus Greenway

HUB Cycling is a charitable non-profit that makes cycling better through education, action and events. We want to get more people of all ages and abilities cycling as this leads to healthier, happier, more connected communities

We write to congratulate mayor, council, and staff on the great work done so far on the Arbutus Greenway. The consultations have been well done. The temporary path is already a hit, with ever increasing numbers of users.

We appreciate the prompt attention that has been given to improving the street crossings, as this will pay off in the longer term.

HUB Cycling supports the Design Concept and encourages you to proceed with the permanent Arbutus Greenway design and construction as per the staff recommendations. We are confident that this project will create an outstanding facility for residents of, and visitors to, Vancouver.

Sincerely,

Jeff Leigh
