Meeting started at 7:35 pm, Thursday, October 19.

### Great Blue Heron Way Presentation

Elder Ruth has a powerpoint presentation on Great Blue Heron Way. A proposed greenway to connect TFN, surrounding FN, by bike. <https://trailsbc.ca/the-great-blue-heron-way-project-background/>

Looking for support from HUB Surrey/White Rock LC to say we support the GBHW project. They want to support us to close the gaps.

TY - How easy would it be to put signage up along the sections of the route that is complete?

Best support from LC - Be involved. Watch/be involved in any of the work. The more the merrier. Public statements, public endorsements. Going to each other's meetings, getting to know each other, shows people that we're working together.

City of Surrey connection is with the Culture and Heritage staff.

Would be interested in a joint presentation to the City of Surrey on the project.

Reehan joined.

Sheryl - asked if Surrey/White Rock have an indigenous advisor position.

TY - said not as far as he is aware.
