Mayor and Council
City of North Vancouver

Dear Mayor and Councillors,

Re: City of North Vancouver Mobility Strategy

HUB Cycling is a charitable non-profit that uses action, education, research, consulting and events to get more people cycling more often. More cycling reduces greenhouse gas emissions, relieves traffic congestion and means healthier, happier and more connected communities.

HUB Cycling's North Shore Committee is in favour of Council supporting the City of North Vancouver's Mobility Strategy. Safe and connected designs encourage healthy forms of transportation, including cycling, walking and other micro-mobility options. A people-oriented transportation network improves liveability by reducing noise, pollution and injury.

We will continue to collaborate with staff and Council as the City makes strides to implement this exciting new transportation plan over the next decade. Thank you for your vision and the strength to put people first moving toward Vision Zero.

Sincerely,

Don Piercy
