Dear Mayor and Council and Staff,

Re: Thank You for the 2nd and 1st Street Mobility Corridor

HUB Cycling is a charitable organization working to get more people cycling more often. We make cycling better through education, action and events. More cycling means healthier, happier, more connected communities.

We would like to take this break at the end of the year to thank you all for the new 2nd and 1st Street mobility corridor from Bewicke to Mackay. Thanks to Council for approving it and having the vision to promote active transportation corridors that include physical protection from vehicles. Thanks to staff for stick-handling a good design and implementation.

This new protected bikeway has enhanced the cycling experience immensely and is arguably the single best project the City of North Vancouver (if not the entire North Shore) has ever undertaken to promote and support active transportation. We are very appreciative of the effort that this took from both a financial and social point of view.

We wish you all happy holidays and best wishes for 2021.

Yours sincerely,

Don Piercy, Erika Rathje and Heather Drugge
