### What are some actions that can support these identified focus areas?

- a. Equity, inclusion in cycling—barriers to biking, who are we not seeing?
- b. Making youth bigger stakeholders in planning and building our cities
  - Focusing on events to help build momentum:
    - Group youth rides (social media, strava and social media)
    - School workshops and engagement (potential for highschool and university)
    - Value mapping through education and engagement
    - Building alliances (starting a list)
    - Building a framework to create change
- c. Empowering youth to cycle more
  - Empowering both parents and children, changing perspectives and values
  - Access to bikes
  - Maintenance
