Mayor and Council
City of North Vancouver

Dear Mayor and Councillors,

Re: Support for Safe Mobility Strategy

HUB Cycling is a charitable organization working to get more people cycling, more often and making cycling safer and better through education, action and events. More cycling reduces greenhouse gas emissions, relieves traffic congestion and means healthier, happier and more connected communities.

HUB Cycling's North Shore Committee supports council endorsing the new Safe Mobility Strategy for the City of North Vancouver.

The strategy outlines how street design can create safe infrastructure for all modes of transportation. Good, safe street designs encourage alternate forms of transportation, including cycling, walking and other micro-mobility options. The strategy also outlines how we can encourage behavioural change by reducing speeds and increasing safety awareness among all users.

We thank the City for their enlightened approach to measuring our progress toward a wonderful and eminently achievable vision:

“The City’s streets, sidewalks, and pathways are places where people of all ages and abilities can move safely and comfortably without risk of harm, no matter where they are going or how they get around.”

We look forward to collaborating to make this exciting new vision a success on the ground.

Sincerely,

Don Piercy
Chair, HUB North Shore Committee

Erika Rathje, Heather Drugge
HUB North Shore
City of North Vancouver Liaisons

Cc,

Andrew Devlin, Manager Transportation
Justin Hall, Manager, Public Realm Infrastructure, Parks and Environment Department
