 - Planning projects: grants of up to \$50,000 available for successful applicants who wish to undertake planning, design or stakeholder engagement activities. Funding can cover up to 100% of eligible costs.
 - Capital projects: contributions of up to \$50 million are available for capital projects that build new or enhance existing active transportation infrastructure (60% for municipalities; 40% for provinces)
- Our Community Bikes plans to hold a bike drive at Sanctuary Cafe on **Saturday, March 5th** from 10am to 12pm
 - We have a great partnership with OCB, and they repair and supply bikes for many of our programs.
 - LC can set up a table or use this as a community outreach opportunity (let Johnathan know)
 - Jonathan: Put swag on a table; no conflict of interest; see if we could get HUB resources and swags and will check on in Richmond banner and table (**ACTION**)
 - Derek: HUB maps, swag; three sheets: one asking questions about what they would like to see and improvements, another for membership, and another to promote an upcoming event; see if Joan can supply some resources for City (**ACTION**)
 - Evan: HUB resources would be great; iPad to sign up for HUB Richmond LC; gifts are unnecessary
 - Donna: Provide coffee?; ICBC Grant for a workshop on pre-ride and take them to cycling-friendly infrastructure; booklet about safety tips
 - Cedric, Donna, maybe Derek, maybe Anna (but only first 45 mins for Anna)
- ICBC Grant Workshop
 - Donna: have HUB move 2021 funds into March to afford workshop without ICBC Grant; use that workshop for the Sanctuary Cafe events sheet (**ACTION**)
- Evan: love the bike maintenance stations at JN Burnett
 - Need secured bike locker with roof; need less barriers and red tape with OCP
 - Achieved in McNair but doesn't seem to create much more crime
 - With every parking stall for a car, we should have a parking stall for a bike
 - Barrier to break down
- Donna: lots of red tap right now, especially with Burnett administration, on bike lockers

- McNair is old, so there may have been much less red tape before
- Derek: break down barrier on OCP and infrastructure when at city council
