

Attendance:

- Tim Yzerman
- Robert Paddon
- Cathy Acuna – HUB Cycling
- Alaina O’Byrne

Call to Order: 7:34 PM

Adoption of minutes:

Action Plan – need to be done by March 2024

Bring your items to the next meeting that you would like to see as our 2024 priorities. Tim has gotten an email from Cathy on this action item which includes a [survey form](#).

All Committee Meeting - The focus of the meeting was getting your wish list in front of the budget before city council. Include a business case and data for city staff. Then this can be forwarded to the council. It is important to develop relationships with the councilors and mayor.

Project Review

- **64 Ave Improvements**
[64 Avenue Improvements: 177B St. to 184 St. | City of Surrey](#)
No response from the city to our letter to them on this project.
- **148 Street Improvements**
[148 Street Improvements | City of Surrey](#)
Between 58 and 59 Ave there is a new school going into this location. No bike infrastructure on both sides of the road. On the south side maybe cycling lane could go beside curb with parking to left. Tim will ask for a meeting on this topic.
- **80 Ave Improvements**
[80 Avenue Improvements Between 120 St and King George Blvd | City of Surrey](#)
Verbal feedback given back to city at several meetings.

Connecting with Parents Association Committees for school

Cathy to follow up with the education team to get more advance notice to the PAC. Build in survey questions to help with programming.

Un-gaping the Map

This is a working document. Update at any time. Geoff Lee is the person to talk to about fixing this spreadsheet with editing access.

Bike lane on 156 street between 92 to 96 Ave

Why is the bike lane changed to a dotted line when vehicles are making a left hand turn e.g., 94 Ave and 156 Street? This allows drivers to use the bike lane to pass on the right. This is allowed under the Motor Vehicle Act. Install possible Green Conflict paint to warn drivers about this issue. Robert to submit online about this issue done.

Fraser Highway and Bike Infrastructure

We need to get an update from TransLink regarding the bike infrastructure along Fraser Highway due to the SkyTrain extension.

City of Surrey – Online Report a Problem

The issue of being able to see your request has been fixed and is working again.

Next meeting – 15 February
