Re: Public Comment Opportunity

Hi!

We're happy to see that bike parking is included in this development.

The City of Maple Ridge will be reviewing its Off-Street Parking Bylaw this year, and we expect the bike parking requirements to be brought more in line with what's required in other municipalities in Metro Vancouver. See HUB Cycling's report on long-term bike parking in Metro Vancouver, [Not Just Bike Racks](#).

As you know, we need to plan for the future, which will have to include much improved facilities to encourage more active transportation. Therefore, our HUB Cycling Maple Ridge/Pitt Meadows Committee will most likely be recommending 1.25 long-term bike parking spaces per unit. We kindly encourage you to increase the number of long-term bike parking spaces to reflect this.

If you need assistance to help optimize your bike parking facilities, HUB Cycling can [help](#).

With kind regards,

Jackie Chow
