- Tim Yzerman
- Robert Paddon
- Cathy Acuna – HUB Cycling
- Alain O’Byrne
- John Evanochko – HUB Langley Interim Chair
- Edward Dillon – CCCTS President

Call to Order: 733 PM

Project Review

- **148 Street Improvements**

148 street Improvements | [City of Surrey](#)

Meeting on this issue had a very favorable tone once the City of Surrey was challenged about coming with a pre-determined opinion. The problem with these types of projects is that public input comes after the contract has been awarded. This is backwards. The city admitted that they don’t want parking on the opposite side of a school.

- **72 Ave Improvements**

[CR 2024-R052.pdf \(surrey.ca\)](#)

Petition and letter writing campaign started. [ACTION: Tell the City of Surrey to Rethink the 72nd Ave. Extension and Provide a Safe Space for People to Walk and Cycle | HUB Cycling: Bike Events, Education, Action in Metro Vancouver \(bikehub.ca\)](#). 117 letters sent to the City of Surrey from various concerned citizens. Tim also sent a letter to the City of Surrey on this issue on behalf of HUB Surrey. Are going to suspend the petition since the City of Surrey has responded to the petition letters? Keep it open for a little longer to allow CCCTS and O5O clubs, and other riding groups to submit their concerns.

Reply to petition letters have been sent to those who have submitted letters. Check your email.

Alaina and Tim meet with the City of Surrey on this issue. We still need to clarify the reason by farmer who oppose this e.g., dumping, dogs running off leash, biodiversity safety for the farm, drainage, etc. [Farmers, engineer raise concerns over major Surrey road extension | CBC News](#)
Alaina to reach out to Bruce K on this issue.

- You can provide feedback directly to the city by contacting 604-591-4253 or EngWebmail@surrey.ca

TransLink Bike Ride

The ride has been rescheduled to 16 May. This ride will include TransLink, City of Surrey staff, HUB Staff and politicians. Tim, Robert, Alaina to attend on behalf of HUB Surrey.

SkyTrain Project on Fraser Highway

Robert has raised concerns about the lack of bike signage due to BC Hydro changes on Fraser Highway due to the SkyTrain extension. Complaints were made to the City of Surrey and the TransLink group we previously met with.

Alaina, Tim, and Robert meet with TransLink, City of Surrey, and BC Government regarding the SkyTrain Project.

BC Passing distance law changes

- Briefing & bike check up: 9:30 am - 10:45 am
- Bike route & estimated ride time:
 - Family with kids 5 years or older: 7.1KM, 40 mins
 - Adults -16.1KM, 65 mins

Top 10 gaps and small fixes

Scott, General Manager, Engineering, City of Surrey is looking for some gaps and small fixes. Here are some examples:

- 84th Ave 158 street to 156 street, westbound no bike lane, pave the shoulder.
- 84th Ave 160 street to 158 street install “Take the lane” signage.
- 84th Ave through Bear Creek Park, install ramp so that westbound cyclist can join MUP when you hit the hill.
- 192 street north and south of 60 Ave by Latimer Road Elementary School needs signage.
- 144 street from 104 Ave to 100 Ave, pave the shoulder to allow for bike path to connect the MUPs.
- [2024 Quick Fix Wish List- Surrey.xlsx - Google Sheets](#)
- Robert to ask for suggestions on Facebook and io list.
- Geoff Lee, board chair, HUB Cycling can assist the committee on this issue.

Connecting with Parent Association Committees for schools

No progress on this issue.

Go by Bike Week June 2 to 9.

[GoByBike BC | Bike to Get Fit, Have Fun, & Enter to WIN Prizes %](#) Join our HUB Surrey group to record your trips.

[Go by Bike Week | HUB Cycling: Bike Events, Education, Action in Metro Vancouver \(bikehub.ca\)](#)

Surrey Doors Open event

These events allow the public to see the inside working of the Surrey infrastructure. Surrey wonders if we can help with bike valet/repair station. May 25, Surrey Engineering Operations 6651 - 148th street from 11 to 4. Robert to check with Cathy from HUB Cycling to see who they use for a valet service.

Newton Car Free Event

[Surrey \(carfree.ca\)](#) on June 8. We will use this as our celebration station for the Go by Bike Week. Tim to arrange with organizers. We will need volunteers to man the booth.

First aid training

Alaina to look at first aid training for our ride leaders, Langley Local committee and CCCTS members.

Fraser Highway Protected bike lanes

Robert posted a Facebook regarding two incidents on Fraser Highway and 144 street eastbound. Cars are making turns without yielding to cyclists contrary to posted signs. This issue was brought to HUB Cycling attention and discussed with ICBC.

Video footage was sent to First Student Bus on one of these incidents. The Safety Manager got back and said the incident was discussed with their drivers.

Risk Assessment

Robert shared a risk assessment that he completed for work for riding bicycles due to an incident while riding his bicycle for work purposes. Robert had nine hazards in this risk assessment e.g., Being struck by or striking vehicles, striking objects (potholes, tree branches) causing an accident, interaction with pedestrians, dogs, etc. that result in an impact, etc.

Next meeting – May 16 at 730 PM virtually

Post the link to the website that the WIKI minutes are up. SurreyWhiteRock@hubcycling.groups.io
