Minutes of Meeting

HUB – Surrey Committee 2022-12-15

Meeting called to order at 7:35 PM. Previous minutes adopted.

1. White Rock Council: The newly elected White Rock Council has requested a presentation.

Robert will prepare a presentation. Aiming to have a presentation on January 16. Went through the Transportation plan that White Rock prepared.

2. Vision Zero- There is funding available of up to \$20,000 for a Vision Zero project for a small project. Tim will provided the City of Surrey a prioritized quick fix list.Discussion on priorities for the list.

4. All Committee Meeting: Alaina provided an update from the All Committee Meeting. Key points included that many other committees were sending personalized invitations to all new councilors and mayors to meet with HUB committee/members. They are trying to establish a relationship with the new councils before any issues arise and to get cycling and safe cycling infrastructure on the council’s minds. Their hope is that it will bring the HUB committees into consultation earlier in projects, and some committees have had success with that. Other committees also follow the council meeting minutes to note any upcoming projects that the HUB LC would like to have input in. The Vancouver LC has alerts set up on the Vancouver city project page to be notified of new projects or when announcements are made about projects. All things for us to consider too.

5. 72 Avenue/Scott Road Corridor: Tim commented on the survey forum. The committee could provide a letter on behalf to the committee

6. 84 Avenue at Bear Creek - Tim is preparing a feedback letter, Robert and Alaina will help with the letter

7. Clayton Corridor - Tim commented on the survey forum. The committee could provide a letter on behalf to the committee

8. South Westminster - There is an opportunity to comment on the planning site.

Meeting finished at 9:00 PM.
