#### 4. Old Business

4.1 **TTAC PM** - Nothing to report

**TAC MR** - Nothing to report

4.2 **Website** - lots of visits last month - close to 400 views, 200 visitors. Highest hits for local bike routes. This is probably due to "Go By Bike Week".

4.3 **MOTI - Hwy 7 Widening Project** - Between 272-284 cannot get permission from Kwantlen to build on their land. Jackie is still trying to set up a meeting with Kwantlen to discuss with them - it is possible their concerns are in alignment with HUB.

4.4 **Kay Teschke** - Presentation to PAC - everyone agreed that this was a good presentation.

4.5 **Motherload** - Everyone that saw this presentation enjoyed it. Regarding the presentation by Climate Hub on the last day - Janet suggested that she would have liked to discuss it with others in attendance.

4.6 **Bike Rides** - Michael is planning the following rides:

**First Ride: late July - Maple Ridge 101** - ride this in opposite direction to avoid hill. Would like to finish at Pub in Maple Ridge but may not be possible due to too many people gathering during Covid.

**Second Ride: September - Central Maple Ridge - ride Dyke to Pitt River Bridge over to Port Coquitlam Breweries and Food Trucks.** Return on Lougheed following bike routes.

Provide difficulty ratings; advise on what kind of surface we will be riding on so people know what sort of bike to bring ie. will road bike with narrow tires be suitable or mountain bike with wider tires.

Barry suggests finishing rides with a cooler party at a park. Could be difficult due to liabilities.

#### 4.7 GETI

- Meeting on Monday June 14 - everyone welcome;
- GETIFEST not going ahead this year due to Covid - online festival last year didn't work out;
- may try having small in person presentations and multi-media presentations to businesses and interested parties;
- organizing schedules;
- Roundtable discussions involving: ARMS, Climate Hub, HUB, Cinema Politica, ACES.
