Bike Ride to Celebrate Our Active Transportation Infrastructure

Dear Mayor Johnstone and Councilors,

On behalf of HUB Cycling's New Westminster Local Committee, we write to congratulate you on being elected to New Westminster City Council. We expect this is an exciting and busy time.

As you may be aware, HUB Cycling advocates for policy and infrastructure that improves the ease and safety of cycling in the lower mainland. Our committee leads HUB Cycling's local advocacy efforts, working with community members, elected officials, municipal staff, and other stakeholders to improve cycling conditions and get more people cycling more often.

In recent years we have been encouraged by improvements to cycling infrastructure in New Westminster. We were also encouraged by your responses to our pre-election candidate survey. In the next four years we look forward to sharing our knowledge with you and supporting your work toward a safe and accessible cycling network that benefits all residents of our city and visitors to our city.

We are planning a social event to coincide with the completion of the Sixth Street Bike Lanes to the new high school (Uptown Active Transportation Improvements) and the Agnes Street Greenway and would like to extend an invitation to yourselves to join us in celebrating these projects. Our proposal is to cycle along these routes to a destination such as a pub or a café. If you have anything to contribute to the planning of this event, be sure to let us know. Otherwise, keep your eyes open for an invitation as the projects approach completion. We look forward to meeting you.

Best regards,

Andrew Feltham, Co-Chair
Garey Carlson, Co-Chair
