Great Blue Heron Way

- Richmond to new tunnel, to Ladner and Surrey to connect aboriginals' communities.

Connecting with Parent Association Committees for school

- Bruce and Alaina have been working with Hub on this issue.
- This is my report of the L/C initiative to connect with PACs in the schools in Surrey that I taught in this autumn. Thanks to Alaina for finding the email addresses and where possible the name of contacts at the 4 schools in Surrey that the Learn 2 Ride program was presented. And thanks also to the support from the L/C for the initiative. This was the plan, once the HUB office agreed. I limited my outreach to schools in Surrey/White Rock.
- Find out PAC contact information for schools we will teach in.
- Contact PAC to inform them about L2R education plans.
- Try to meet with the PAC in conjunction with the L2R education Inform about the program,
 - Could be done by any member of the L/C,
 - Inform about Travel Smart for Kids,
 - Inform about Why Did Kids Stop...video <https://www.youtube.com/watch?v=DqvQ-5784po&t=12s>
 - Cultural barriers Infrastructure barriers.
- Follow up with school/PAC contact.
- Unfortunately, none of the PACs replied to our outreach. The autumn season of HUB education is now complete. I recommend trying again in the spring.
- Alaina is starting a bike bus initiative in the east Surrey/Langley area.

Go by Bike Week

- [\(4\) #ungapthemap - Explore | Facebook](#)
- Rejean talked about the overall purpose ungap the map. Rejean wished that Google Maps would be better for this purpose and for using cycling trip planning.
- John also mentioned the HUB resource: <https://bikehub.ca/suggest-a-gap>
- Another option for cycling trip planning is Open Street Map, click on the right side for Map Key for cycling information [OpenStreetMap](#)

Winter road condition

- Be careful due to weather debris onto bike lanes. Make sure to report it to Surrey.

Next meeting – 21 December
